Dropped Objects Prevention Work Mat

FRP Ltd is the authorised New Zealand distributor of CableSafe® products

Allows personnel to work on grating platforms while protecting their tools and equipment from falling through the grating opening or holes. It is easy to carry around and flexible enough that personnel can fold it afterwards. The work mat protects workers from dropped object risks, especially during maintenance, turnaround, outage, inspection and daily operations.

Dropped Objects Prevention Work Mat

The Dropped Objects Prevention Work Mat by CableSafe® is a high-quality, reusable, cost-effective safety tool that reduces the risk of dropped objects. It is fast and straightforward to install.
